

## Layout

## Typical Products

## Basic Data

A	MIN - MAX 100 MM - 400 MM
H	MIN - MAX 100 MM - 400 MM
L	MIN - MAX 200 MM - 1000 MM
B	MIN - MAX - 450 MM

## General Machine Specs

- Floor Space Req.
- Weight
- Power Req.
- Oil Cap.
- Operating Temp
- Cooling method
- Max no. tools
- Machine cycle time
- Cross section changeover time
- Length changeover time
- Max material thickness
- Type of head beads available

## Process Features

- Vertical or Horizontal Machine
- Stuffing unit
  - Servo motor slide type
  - Upper & lower stuffing type
  - Inserting force measurement system
  - Upper & Lower Tool
  - Tooling quick changeover type
